PREFACE.

The following is an effort to compile as many facts and authetic dates of the posterity of Tristram Thomas who emigrated to America about the year of 1666 or earlier.

In the study of this family name I find many unrelated families bearing the Thomas name have emigrated to this country, butI doubt if any of these have had a more colorful and active part in the development of this country from a vast wilderness to its greatness of today than the branch fathered by Tristram.

In recording the history of any family one scarcely knows where to start or finish, as thepast is dimmed by years and the finish is not yet. So these notes might well be called 300 years with a pioneer family.

The frame work around which I build this history was given me by my father Edgar Jesse Thomas, from stories and names that had been handed down to each succeding generation.

In checking these stories and following these families from the shores of old England, to the Antlantic coast and on to the basin of the Ohio River and adjacent territory I have consulted church records state and county histories, census records and a score of cemetaries where birthand death dates were obtained.

2021144

The known history of individuals and the various branches will be given under the groups where listed.

The greater number of these pioneers wereQuakers having proclaimed that faith prior or immediately after emigrating to this country, but regardless to what faith they beleived, they were staunch pioneers living examples of what they beleived right and proper. They were supporters of good government, schools and clean living, this is the heritage that has been bequeathed to we the living, may we emulate it so that no shadow will ever be cast in our pathway of life.

May I dedicate this to the future generations who yet have work to be done, may they do it with the same determination as their forefathers.

Christopher Thomas.

3rd gen. son of Tristrm.

Christopher Thomas the third son of Tristram was born in 1609 in Kent England and died 3-25-1670. The name of his first wife is unknown, but by her he had one son,(Tristram) she was not mentioned in any records, deeds or will signed by Christopher.

On May 15-1635 when Christopher was 26 years old, he embarked at Graves End England for the new world on the Plaine Joan with Master Richard Buchannon the skipper. He arrived in Virginia the same year and later moved on to Maryland, leaving his only son and child in England. Later he was employed by Thomas Butler. In 1637 & 1639 he represented the Isle of Kent in the first and second Houses of Burgesses in the province of Maryland.

Later he left the Povince and married for his second wife Elizabeth Higgins a widow with two daughters whom he brought to Maryland, with 3 servants in 1664. He demanded land and had a survey on April 18-1665, "Barbodes Hall", 360 acres on the South side of Chester River on Corsica Creek.

Another record states as follow, Christopher Thomas the emigrant ancester on October 27-1664 demands land for transporting to the province in that year himself, Elizabeth his wife, Susan Higgins and Catherine Higgins his children, John Edge, William Ladd and Jane Ladd his wife and received a warrant for 360 acres. He died March 25-1670, but no will found.

After his death and before 1679 Elizabeth married Captain Matthew Smith and made her Will as a widow on March 11-1687, which was proved March 26-1697 making bequests to Mary Martin, wife of John Martin Blanche wife of Claiborne Lomax and Elizabeth wife of John Hawkins. By her second husband Christopher Thomas (see deed dated Nov 18-1679) From Elizabeth conveying to her (stepson) son Tristram by her former husband Christopher Thomas "Barbadores Hall", 360 acres on the south of the Wye River.

I have found very little history relative to this third generation presumably all lived and died in England except the emigrant Christopher. No doubt if one would search English history of Sundrish county other facts would be revealed, It would be interesting to prove that other members of this family migrated to America, to account for the families that now seem unrelated.

Tristram Thomas

4th gen. An only Child.

To son Thomas his fathers right in land or plantation at Chester.

To my 4 daughters unamed Personalty.

There is a deed recorded dated Nov. 19-1679, from Elizabeth Smith conveying to her son, Tristram by her former husband Christopher Thomas (3rd gen.) Barbadores Hall, 360 acres on the south side of the Wye River, another record states on the south side of the Chester river on Corsica creek. I presume this Tristram was a step son of Elizabeth as no mention was made of him in her Will.

To those whose descent can go back to this Tristram are entitled to a place among the branches of the old tree first planted upon American soil in 1666 as an importation from the County Cairmarthen Principality of Wales.

Copied from the life of Hon. Nicholas Thomas
by Richard Henry Spencer from Maryland Historical
Magazine Vol. 6 Page 145.

The above Henry Spenser married a great great grand daughter of Tristram Thomas. of the 4th generation.

The ancestors of Nicholas Thomas were Welch, but the branches not long afterbthe Norman conquest, removed to England where Tristram Thomas was living in Sundrish Kent in 1639. He is thought to have been either the son or grandson of Rev. Tristram Thomas of Alford Parish, County Surry in 1559. (Manning and Brays History of Surrey 1814).

Tristram, 3rd gen. of Sundrish Kent in his will dated 3-21-1639 (from Mrs, Hester Dorsey Richardson gleanings in England 1908) mentions wife Elizabeth, oldest son Edmund, to whom he left his estates in Sundrish, Chevinge and seven oaks. Tristram who married 1628 Margaret an only daughter of Rev Jeffrey Amerst, the Rector of Horsemonden Kent. He was the ancestor of Lord Amherst an Gen. Sir. Jeffery Amherst to whom the French surrendered Montreal and with it all Canada in 1760. Tristrams son Christopher the emigrant, Richard, Leonard and Edward, his grandsons Tristram and Edmund, his daughters Elizabeth Austen widow of Horsemonden, Ann, Sarah, and Mary Thomas, were all mentioned.

Christopher the third son born in Kent England in 1609 embarked May 16-1635 and arrived in Virginia the same year, leaving his only son and child Tristram Thomas in England. Later he was employed by Thomas Butler. In 1637 he represented the Isle of Kent in the lower house of assembly . He later left the Province and married for his second wife Elizabeth Higgns a widow with two daughters, whom he brought to Maryland with 3 servants in 1664. He demanded land and had a survey on April 18-1665 Barbodes Hall 350 acres on the South bank of Chester River on Corsica Creek. He died March 25-1670.

His only son by his first wife, born in England married Anne Coursey and emigrated to Maryland in 1666.He brought three sons Thomas, Christopher and Tristram. They settled on the Wye River, Talbot County with or near his father. He worked as a commissioner to improve trade in Talbot County with Col. George Robotham in 1685 .

He died in 1686. Other children born in Maryland were William, Juliana, Stephen, Elizabeth, anne and Martha.

The fourth son of Tristram was William Born Oct. 10-1669. He married Jane Riddell, daughter of Walter Riddell. He was the High Sheriff of Talbot County in 1736, and died Apr. 1-1740 leaving William Jr. and Tristram. Two other sons, Nicholas and Edward having died in 1716. There were three daughters, wife of William Martin, Elizabeth and Juliana. His daughter Jane predeceased him.

Hon.William Thomas Jr. eldest son of "Anderton " Talbot County born May 15-1705 married May 11-1732 Elizabeth, daughter of Rev. John Allen and Mary Lowe, daughter of Nicholas Goldsborough. He had four sons, John Allen, Nicholas, WILLIAM and James, whose grandson Gen. Allen Thomas was a distinguished officer in the Confederate Army during the Civil War.

Ancestors of Hon. Nicholas Thomas.

The Nicholas mentioned in the last paragraph is the one mentioned in this articles heading.

son

Tristram Thomas the second of "Roadley" Talbot County born 1709 married Elizabeth Martin, daughter of Thomas Martin and Elizabeth Goldsborough. He was one of Ye Worshipfull Comissioners and Justice of the peace from 1749-1765. He died July 17-1769, leaving three young children, William and Elizabeth. She married in 1801 Henry Mathing Of Walnut Grove Talbot County, whose youngest daughter Anna married in 1829 Henry Spencer and Dr. Tristram Thomas who married in 1809 Maria Francis, an only daughter of Phillip Francis, the eldest son of Sir. Phillip Francis the reputed author of the " Letters of Junius".

The son of Dr. Tristram Thomas was Hon. Phillip Francis Thomas who was Govenor of Maryland in 1844-1850 and Secretary of the treasury in 1860 under President Buchannon.

Tristram Thomas of the 5th Generation.

Son of Tristram & Anne Coursey Thomas.

Tristram was probably born in 1665 or 1666 and died 2-17-1745. His father who died in May 1686 in his Will states, To son Tristram 233 acres back of Madburgs branch, he being a minor to serve his mother until 21. And as he migrated to America with his father in 1666, he would have been 1 year old or less when he arrived in America.

Tristram married Judith Clayland, she was born 12-26-1674, she was the daughter of James Clayland and Elizabeth Hemsley. Elizabeth was the daughter of William and Judith Hemsley the emigrant.

After the death of Judith he married a Mrs. Jane Smith. There were no children by his last marriage.

Simon	born 1712	died	married .....

Nancy	born	died	married Landman
Penelope	born	died	married .....
Anne	born	died	married Jarman.

I have found no copies of Will for Tristram or Judith. It may be his second wife, Mrs. Jane Smith made the property division.

From a History of old Cheraw, By Gregg published in 1867, which one may find in the Indiana State Library, it says Tristram emigrated from Wales to the Province of Maryland early in the last century and he died 2-11-1745 leaving a numerious family of whom a portion remained in Maryland, some to Pennsylvania, South Carolina And Virginia. This family was originally and long continued to be of the Society of Friends or, Quakers.

The information my father had which came down thru the generations from father to son was that Tristram and other brothers came from Wales about 1700, others sources say Three brothers.

From a pamphlet filed in the Indiana State Library and written by Addison C. Thomas of the line, Tristram-Stephen- Johnp Benjamin and Addison, he says Tristram with brothers came from Wales with a party of Friends in their own sailing vessels and landed in Baltimore Maryland. This group of people brought brick from Wales with them to build their own homes. This was not uncommon, as it was necessary to use something as ballast for their ships, and being a practical people brick wasused.

Tristram Thomas of the 5th Generation.

Son of Tristram and Anne Coursey Thomas.

In my search for facts I can not verify that these emigrants came directly from Wales, but rather the original Rev. Tristram was a resident of Alford Parish County Surry England in 1659. He or an ancestor came from County Cairmarthen, Principality of Wales not long after the Norman conquest.

History records that Christopher embarked from Graves End England. Graves End is a port on the Thames river near County Surrey.

The following is a few notes on the children of Tristram and Judith other than Stephen my line.

Tristram third son of Tristram and Judith married Anne Emory. He died May 1746. His children follow.

He was a Leut. in the 3rd Battalion Flying camp 1776, also a Justice of Peace of Talbot County 1778. John jr had two sons John and Rev. James Thomas. Rev James was born 11-22-1765 and died 10-6-1827. He married Sept 1797 Mrs. Mary (Stevens) Manning, she died Nov. 1828 leaving issue.
Simon 4th son of Tristram and Judith was born 1712 had at least one son Rev. Daniel Thomas who died in 1825. This Daniel is discussed seperately.

Benjamin 5th son of Tristram and Judith.

Tristram and Judith had 3 daughters Nancy married a Landman Pentelope and Ann e who married a Jarman.

Daniel Thomas of the 7th Gen.

Son of Simon of the 6th Gen.

Daniel Thomas a Revolutionary soldier was born November 21-1764 in Berkshire County Mass. Tradition says that his forefathers came from Wales in the early history of New England. He was an old time Democrat. He moved about 1786 from Lenox, with his wife and young family to the Township of Milton, Saratoga County New York. Then a part of Albany County which extended to the Canadian line, after the death of his father.

It is related that he returned to Mass. within a few years to bring his widowed mother to Saratoga County, where at least two of her daughters had also settled. One of these daughters married Jacob Weed and the other Stephen Jackson, and with these daughters the old lady spent her last years.

The children it is said had urged the old lady to come from Mass. and live with them, but she learning that it implied crossing the great Hudson River said she would never make the long journey until a bridge should be built across the river. Finally one winter Daniel and one or more of her other children drove over to Lenox and informed her that the bridge was built and that they had crossed it in coming for her. With this assurance she packed up and protected against the cold by many wrappings started on a sleigh for their homes in Saratoga N.Y. After crossing the Hudson they asked her to look out of her wrapping s and see what a fine bridge had been built.

When she saw that their bridge was the ice she felt hurt and frightened that she had been deceived by her children and led into what she thought was such danger, and declared if she could get safely back to Lenox they could never again tempt her to leave it.

Saratoga County was then new,and Daniel Thomas soon after his first arrival, purchased a tract of forest at $4 per. acre and commenced clearing it to make a home for himself and family. Privation and trouble came during the first year or two. The forest must be cleared away before crops could be raised. A gunshot wound received in the Revolution broke out afresh in Daniels hand to prevent him for a long time from doing the hard pioneer work of felling trees or of planting. Then their cow sickened and died, adding to their trouble so that for a long time they were badly off.

Some of their relatives in Maryland and Virginia learned of their suffering and sent them corn by sloop to Albany, about 40 miles away through the woods, to help them along until Daniel should again be able to resume his hard work and provide for his family.

During the years that he was disabled he was obliged to search the forest and dig ginseng root to earn what he could. This root was then plentiful there, and was in demand for export to China. That he might not loose his bearings in the woods while searching for ginseng, a birch log was laid up free from the ground near the cabin door, and his little son Moses would frequently beat it with the head of an ax, sending the ringing sound out as a signal to his father.

He never fully recovered from his wound and it was only after his sons grew large enough to take over the farm work that they were able to make much progress. From the timber cut they finally realized some money, and afterward utilized a part of the timber lumber in building a large house, which for many years was used as a hotel.

Daniel Thomas of the 7th Gen.

Son of Simon of the 6th Gen.

On a Sunday morning, early in April, 1825 this house took fire while the family wereat church. Daniel's exertion to save some of the personal property resulted in aggravating old physicial troubles to such an extent that he had to be removed to the home of a neighbor and afterwards to the house of his son Freeman, where he died within a few days in great agony.

Daniel Thomas married October 30-1777 at Becket, Berkshire County Massachusetts, Unice Foster who was born October 20-1756. She died at Ballston Spa N.Y. August 9-1846 and he died April 23-1825.

Lyman Thomas the fifth child of Daniel and Unice was the grand father of Ezra Thomas and Edwin B. Thomas.

Stephen Thomas of the 6th generation
Son of Tristram and Judith

Stephen Thomas married Mary Clother

Stephen Thomas married Mary Clother a Quakeres in 1730 at Tread Avon or Third Haven Meeting, Queen Anns County Maryland. Stephen Thomas as well as his father Tristram Thomas belonged to Cecil M.M. Kent County Maryland and I presume that Judith also belonged.

Mary Clother (Clothier) belonged to Tread Avon Monthly Meeting Queen Anns County Maryland. Her parents were Robert Clother and Jane Kemp. Her grand parents were Lewis Clother and Susan Knapp, also Robert Kemp and Elizabeth Webb.

Mary died in 1767 and Stephen sold out and moved to Anson County North Carolina where some of his sons had gone. I do not know which ones came first. Stephen was a cooper by trade, you will note in the sale of his personal property coopers tools were included. Stephen bought land in Anson County N.C. in 1768 of which that part became Richmond County also we find a land grant to Stephen Thomas sr. dated 1769.

Land Grant Office Raleigh N.C.

To Stephen Thomas sr. 200 acres Anson County N.C. Grant No. 188 issued May 4-1769. Book 20 page 451 Land on northeast of the Pee Dee beginning at a black jack, adjacent to John Hamor. Chain carriers (for surveyor) Darius Burns, Francis Clark. Family tradition is that Stephen lived near Cheraw S.C. on the Pee Dee, Cheraw is but a short distance from Richmond County N.C. At this early date State lines were rather indistinct.

From the History of Old Cheraw by Gregg he says Stephen the eldest son of Tristram emigrated to N.C. about 1750 and died there leaving a large family. This family was originally and long continued to be of the Society of Friends or Quakers. While in Marlborough they worshipped near Adamsville, now known as Piney Grove(1867). Stephens children were born between 1731-1758 inclusive.

From records of Francis W. Thomas compiled in 1902 of Dunrieth Henry County Indiana the following children are listed.

The following 6 pages show the inventory and sale of Stephens personal property. and who purchased the various items. Also several letters I had with Everett Thomas concerning Stephen and Mary and my comments on these letters. Everett is a descendant thru Lewis and Agness and was born near Fairmount Indiana.

Until this information was furnished me by Mr. Everett Thomas I had very little information concerning Stephen. I had known his son John was a cooper by trade, Stephen must have followed the same occupation as a set of coopers tools were sold at his sale, along with sundry carpenters tools. O f course all pioneers were farmers, at least to some extent.

After Stephens death we note in the court minutes that his son John was made Guardian for his three younger brothers listed as orphans. This would indicate to me that Mary their mother had preceded Stephen in death.

It is interesting to note so few items listed in his sale, no doubt many things had been given the children before his death.

I had always assumed that this group of Thomas'es were not Quakers until some of Stephens children married Quakers girls, but now we find Stephen also married a Quaker girl, also that Stephens father had become a Quaker having joined the Cecil Monthly Meeting Kent County Maryland.

August 26-1961

Dear Mr. Thomas

Your 8-11-61 letter shows that I misled you about Barbados Island. It is the most easterly of the West Indies. It has eleven parishes of which Thomas parish is one. Why did Christopher Thomas name his plantation Barbadoes Hall in Maryland unless he had been there from 1640 to 1664. I have written to a friend there.

Many thanks for the National Geographic Society map referance. Stephen Thomas married Mary Clother (Clothier) in 1730 in Queen Anns County Maryland. They were married in Third Haven or Tread Avon Monthly Meeting which indicate that Stephen was a Quaker. It seems strange that neither one was mentioned in Deep River or in Piney Grove Monthly Meeting records N.C. perhaps they did not transfer their membership.

Marys grand father was Lewis Clother, the first one in Maryland He lived In Talbot County Maryland.

Trustram Thomas and son Stephen were Quakers and members of Cecil Monthly Meeting, Kent County Maryland. This statement seem to tie Stephen definitely to Christopher who came to Virginia and Maryland in 1635.

The above locations and dates seem to fit our line so close that it must be true. I already had data that says Christopher left the Province and married for a second wife Elizabeth Higgns, whom he brought to Maryland in 1664 and demanded land which he named Barbodes Hall. I had always presumed he returned to England, but maybe he did not but went to the Barbados Island where he married thus the name Barbados Hall.

Ancil and I had always thought that the Thomas's Quaker life had begun when John Married Molly Clark and a few of his brothers married Quaker girls. Now it would seem we were wrong Although we had a little data which did not support our thinking we did not think it correct. The following is a little of this data. Gregg in his History of old Cheraw says this family was originally and long continued to be of the Society of Friends. This book was published in 1867.

From a pamphlet filed in the Indiana State Library written by Addison C. Thomas of the line Tristram-Stephen- John-Benjamin- Nathan and Addison, He says Tristram with brothers came from England with a party of Friends in their own sailing vessels.

October 10-1961.

Dear Mr. Herschel Thomas.

I have more information for you. Trustram Thomas and son Stephen (who married in 1730 to Mary Clother) appear to have been Quakers and members of Cecil monthly meeting Kent County Maryland.

From the Cecil monthly meeting dated 12 of the 3rd month 1732 it says, Robert Clother married to Elizabeth Hamer both of Queen Anns County. Among the witnesses were Jane Thomas, Trustram Thomas, Trustram Thomas jr. Jeanne Thomas, William Thomas and Henry Thomas.

The earlier Thomas families belonged to St. Lukes Parish, Church Hill Queen Anns County Maryland.

It may be that the Baltimore Yearly meeting may have some of the Cecil monthly meeting records. I shall try to find that out during the next few weeks.

Mary Clother (Clothier) belonged to Tread Avon monthly meeting Queen Anns County Maryland. Her parents were Robert Clother and Jane Kemp. Her grand parents were Robert Kemp and Elizabeth Webb, also Lewis Clother and Susannah Knapp.

Cordially Yours.
Everett E Thomas.

Comments by Herschel Thomas.

I presume the mention of the marriage of Robert Clother to Elizabeth Hamer was to show the number of Thomas's who belonged to the Cecil monthly meeting, also Robert may have been a brother to Mary who married Stephen Thomas.

It would now seem that the name Robert in the Thomas family originated from Robert Clother the father of Mary who married Stephen. but has appeared in every generation since.

Also the name Lewis does not appear in the family until after Stephens and Marys marriage.

A year ago I thought Stephens history was lost in the dim past but I guess if one searches in the right places every one has left his history.

October 18-1961.

Dear Herschel E Thomas.

Thanks for your letter of 10-16-1961. You and I have heard stories about our early ancestors but we now know they were garbeled badly. There were lots of Thomas clan then and now. The census of 1790 shows about 1100 heads of family here in the New world of that name.

Christopher came in 1635 and probably belonged to the church of England, His son Tristram brought his wife and three sons in 1666. They joined the Episcapalian church of St. Lukes Parish in Church Hill Queen Anns County Maryland. Church Hill is located on your big map. I have one.

Tristram, son of Tristram and his son Stephen joined Cecil monthly meeting Kent County. Stephen married Mary Clother who was a member of Third Haven or Tread Avon monthly meeting Queen Anns County. Mary died in 1767 and Stephen sold out and moved to Anson County North Carolina, where some of his sons had gone.

My Wife and I are going to Baltimore next Tuesday where I have an appointment with a noted eye specialist the next morning, I have Glaucoma which must be arrested some how or I will be looking for a seeing eye dog soon.

While I am there I plan to find a resourseful and trustworthy genealogist to finish the search of above three churches records. No one has looked in the repository of the Baltimore Yearly Meeting house yet. My man from Raleigh N.C. did a good job in the Hall of Records, Annapolis Md. and at the Maryland Historical Society but he had to go home owing to other business. Any way I may be a bit sticky getting at the records in the Stoney Run meeting house of the Baltimore Yearly meeting. I have references, so think I can gain access since I am or was a Quaker in Fairmount and am not a genealogist.

Cordially Yours.

P.S.

The fact that Mary died in Maryland is probably why there is no record of her and Stephen in the Deep River or in Piney Grove M.M. North Carolina.

Comments by Herschel Thomas.

Here is another letter from Everett. I hope they are of interest to you. There is not much new in the letter. I dont beleive I had known the date of Marys death before.

This new information has not changed the picture that my father had, only the detial is more complete,

A few notes concerning William Thomas of Marlborough Co. S.C. he was either the son of Stephen or a brother we are not sure which.

The following information came from Gregg's History of Old Cheraw.

William Thomas of another branch of the same family,(Stephen Thomas family) emigrated about this time(1750) from Maryland. He came as an adventurous youth, and found a kind friend in Col. George Hicks. While living with col. Hicks he married his niece, a Miss Little who was possessed of a good property. He settled on the east side of the Pee Dee river a few miles above Cheraw, and ammassed a large fortune

He had one child, a son William Little Thomas who married Clarissa Benton. The fruits of this marriage were two sons, William L. and Alexandria. The father, William L. Thomas was of brilliant talents. The name of this branch of the family become extinct. Alexandria died young. William L jr. married Jane M'Queen of Chesterfield and died childless. This Lady afterwards married the Hon. John Campbell of Marlborough.

Clarissa Benton was the daughter of Col. Lemuel Benton, who was very active during the Revolutionary War. The Col. George Hicks refered to above came to welch Neck in 1747 from Va. He brought a considerable household and one brother came with him at least. He was granted 1000 acres of land. He moved up the river a little later and was active in St. David's parish. His name appears frequently in the church records as well as in the civil records. He was on the committee appointed to build the first church for St. Davids Parish. He was a Colonel in the state militia during the War.

William Thomas was a member of ST. Davids Episcopal Church, being a vestryman in 1778-1780. He was a member of the Society of St. Davids to promote education in the Parish, his name appearing in the first list of members of January 1 1778. He asked to be dropped from membership June 18-1791. Gregg suggests he was too far away to attend the meetings

William was one of the Commissioners of Caveats for the Cheraw District C.A. 1784-1785. He was elected state Senator in November 1786 but did not serve continously for we find later, the election of Oct. 1796 that William Thomas replaced Thomas Powe. He served until 1802 when he was replaced by Alexandria M'Intosh. In 1796 he was chosen one of eight electors to cast a vote for President of the U.S. William was a Justice for Marlborough Co. from March 1787 until he resigned in 1795. He was a member of a commission to repair Court houses and Jails in 1798-1799.

Robert Thomas of the 7th. generation

Son of Stephen and Mary.

Robert Thomas was born 9-26-1733 and died in 1817. He married Mary Sands, Robert the eldest son of Stephen, and Mary left the faith of his father when yet a young man, married and then became a prominent Babtist Minister prior to his 34th birthday. In this capacity he labored for 50 years. He died in his 84th year while on a missionary tour to the destitute in the Cheraw vicinity where he had labored so many years. It was in this district that his father came in 1768. After Stephens wife Mary had died.

Robert and Mary were the parents of a large family which no doubt was active in the formation of this land of ours. From a History of Old Cheraw, by Gregg published in 1867 he lists Robert and Marys children as follow

Tristram died childless.

Elizabeth married John Covington.
Children
William married Mary Bridges.
Tristram.
Robert.
Nancy married Easterling.
Polly married Conner.
Thomas married Sallie Cook.

Nathan.

Sarah.

John Sands.

Lucy.

Robert died childless.

H. Elijah.

William.

Jesse.

Eli was last to die in 1864.

Benjamin.

William the 9th child as listed above had 14 children one of the sons J.A.W. Thomas had 11 children also he is the author of a History of Marlboro County, published in 1897. I have not found a copy of this History but understand a lady living near Bennetsville S.C. has a copy.

Elizabeth Thomas of the 7th generation

Daughter of Stephen and Mary.

Elizabeth was born 1747 and she married Evan Harry. Evan was born in 1743 and died in 1788 or 1789, we are not sure which.

Elizabeth married Evan Harry prior to 1765, In the Cheraw District South Carolina. This was about the ti e her father came to the Cheraw District.

After Evans death she again married and moved to the Laurens District South Carolina.

She and Evan were the parents of seven children. It seems the Thomas family has lost anything more about this family.

The above was taken from the Davis Family Book by Harry Davis.

From the Bush River monthly meeting Laurens County South Carolina it says 11-29-1794 Elizabeth Cocks, (formely Thomas) reported married out of unity. This may be the same Elizabeth.

John Thomas of the 7th generation.

Son of Stephen and Mary.

John Thomas was born 6-16-1743 and died 4-30-1814. He married Molly Clark who was born 11-19-1748and died 1840.

From the Cane Creek monthly meeting in A lamance County North Carolina (in early days it was Orange County), it says Molly Clark married out to John Thomas and was recorded in 1769. Cane Creek monthly meeting was founded in 1746. When it is recorded as marring out, usually it means one married a person of another monthly or a non member, John probably belonged to Cecil M.M. in Maryland. So the above date may be when her letter was sent to Piney Grove M.M. in Marlborough County South Carolina for there I find a mention of John, Molly and family, also by request on 9-28-1782 their first 7 children are recorded with their birth dates. As their first born was on 11-16-1767 their marriage probably occured in 1766 when he was 23 and she 18. The following are monthly meeting recordings.

6-3-1769. from Cane Creek M.M. Molly Clark was reported marring out.
6-7-1782. Molly was granted certificate to Deep River M.M.
6-28-1794 John and family get certificate from Deep River M.M.
6-28-1794 Molly and family get certificate from Deep River M.M.
7-7-1794 John and family, Elijah, Stephen, Frances, and Benjamin received on certificate at New Garden M.M. dated 6-28-1794.
7-7-1794 Molly and daughters Christian, and Sarah received on certificate at New Garden M.M. dated 6-28-1794.

As the names of five children of John and Molly are missing from the two last recordings they are the older children and are probably married or left the fireside of their father to make their own way in the world.

Children of John and Molly as recorded at New Garden M.M.

Isaac	born 11-16-1767	
John	born3-28-1769	
Betty	born 12-26-1770	
Mary	born 6- -1773	Died 7-11-1775.
Rebecca	born 3-21-1775	deceased 2 years old.
Elijah	born 1-19-1777	
Stephen	born 2-23-1779	
Francis	born 2-19-1781	
Benjamin	born 1-9-1783	
Christiana	born 2-12-1785	
Susannah	born 2-29-1787	deceased an infant.
Sarah	born 2-19-1790	

John Thomas of the 7th generation.
The son of Syephen Thomas.

Molly Clark was the daughter of Francis Clark and Anna (CHRISTIANA) Clark. Francis Clark was the son of Isaac Clark of Carolina. Anna was the daughterof Nicholas Stone. I find in the Cane Creek M.M. a recording dated12-7-1754 where Francis and Christopher Clark was received on certificate from Camp Creek M.M. Virginia. From the Bush River M.M. Newberry County South Carolina it says Anna Stone Clark born 12-11-1722 died 5-10-1813.

From a History of Wayne County Ind. by Young published in 1872 we have the fcllowing, John Thomas of South Carolina in 1812 came to visit his children who had settled at New Garden Ind. He stopped at Richmond where he was taken sick and in a few months died.
He and Molly are buried at the old New Garden cemetary near Fountain City Ind. The markers at their grave says Molly daughter of Isaac Clark I think this is an Error as the stones have been placed in recent years, and according to all records I have found her father was Francis and her grandfather was Isaac. From the Camp Creek M.M. Louisa Co. Va. dated 10-14-1746 it states Francis Clark married Christiana Stone, daughter of Nicholas Stone and lists 4 children Molly, Betty, Nicholas, and Francis.

All of their children moved to Indiana except Betty who had died in 1805 or1806. All of these sons and daughters of John and Molly lived to see their large families raised to manhood and womanhood, their youngest at death was 60 and the oldest 91, none of these children were married twice yet none had less than 9 children. The number of Johns and Mollys grand children were 83.

The following was copied at the Ind. State Library, Pamphlet G.PF. 929.2 by Mrs Walter M. Titus. John Thomas husband of Molly Clark was pressed into Army service but he being a Quaker he refused to fight, he was held under observation until 1792 when he returned to his family who was living in North Carolina. After which he moved to S.C. and settled near his father near Cheraw. (Johns father Stephen died in 1774, so John may have moved near where his father died. This comment by H thomas) John was a Cooper by trade and at times operated a mill and as all pioneers he tilled the soil.

The following portion of a letter probably belongs in a later generation, but well fits here also. It will be repeated in the proper place This was taken from a letter written by Sussanah (Thomas) Picket. A grand daughter of John and Molly. " My grandfathers name was John and his wifes name was Molly Clark. I think grandmothers Thomas's grand father was Nicholas Stone. He came from England with others they had not enough to load the ship so put in enough brick for ballast to build him a house when he got to America.Then he bought his wifes time thatshe had not worked out. She had got a sea Captian to bring her over and she sold herself to him for a length of time to pay for her passage. This was common for the women to do this, it was their only means getting to America in the pioneer days. This servitude consisted of cooking, sewing, cleaning and such work as any modern housewife would encounter.

Lewis Thomas of the 7th. generation.
The son of Stephen Thomas.

Stephen Thomas after the death of his wife Mary and the older children had migrated from Talbot Co. Md. to the Marlborough District in South Carolina, We find that Stephen followed in 1767. And I presume the minor children came with him.

Lewis was born 5-10-1750 so would have been 17 years old when his father came to South Carolina. Lewis married Agness Breedon (Burden) Who was born 10-6-1752. There are no North Carolina M.M. records of any Burdens. The first M.M. record is in 3-?-1793 when Cane Creek M.M. reports that Agness condemed the misconduct for which she was disowned. I have not found any recording indicating the nature of the misconduct. Lewis and Agness marriage must have occured in 1774 judging by the birth date of their oldest.child.

Cane Creek M.M. served a group in central North Carolina. Three of Stephens children married girls who belonged to this M.M. Apparently they had come to this neighbor hood from their home in Maryland. They later moved to S.C. Agness was granted a certificate to Deep River M.M. in 9-4-1794. Although Deep River was in Guilford Co. in central N.C. it was the M.M. for all the Friends Meetings in Richmond Co. N.C. and Marlborough District S.C. until Piney Grove M.M. was set off in 12th month 1801.

Lewis and Agness lived in Richmond Co. N.C. and attended Gum Swamp Preparative Meeting on the Little Pee Dee river. Lewis (Levi in this Monthly Meeting record) and sons Joseph, Vildan, Lewis, and Stephen were received by request at Deep River M.M. 10-1-1792. Mary, Susanna, Rebeckah, Elizabeth and Sarah were received by request at Deep River M.M. 9-4-1797. Lewis and family were granted a certificate to Lick Creek M.M. In Washington Co. Ind. in 2-18-1815.

Piney Grove M.M. lists the following children of Lewis and Agness.

A few notes concerning Tristram Thomas of Marlborough Co. S.C.

Most of the information came from Gregg's "History of the Old Cheraw"

Tristram was born in Talbot County Md. on 7-28-1752. He probably came to South Carolina with his father Stephen in 1768 settling in the Marlborough District. He married Mary Hollingsworth, before 1773. She was the daughter of Samuel Hollingsworth who was one of the early Welch settlers. All the children were by her. Tristram later married Ann Pledger and then Mary Harry. Mary Harrys father was David Harry who left two plots of land of 125 acres each which had been given him in Welch Neck. The land office declared it available for someone else to request 12-23-1742. Much of the land in Welch Neck, the land between the Great Pedee and Small Pedee was swampy and unfit to improve Gregg suggests that they wanted to go higher up the river. Several other Harrys were listed as early Welch settlers, They were probably a single family.(Elizabeth a sister of Tristram married Evan Harry.)

Tristram died 9-3-1817 at his residence which was at the place now known as Ellerbe's Mills near the public road leading from Society Hill to Bennetsville. He is buried in the Saw Mill Baptist Church yard. This Church is on the north east side of the Pedee river on naked creek in Marlboro County in the Parish of St. David.

Near Jan. 1-1771 a project was started to foster manufacture of goods, etc. In the colony to avoid payment of taxes. A sum was collected for this to which Tristram subscribed 5 lb. thus showing his early interest in public affairs. This continued all his life.

He was a member of St. Davids Episcopal Church as his name appears as an overseer of the poor for the years 1778-80. Also he subscribed 55 lb. to the Society of St. David, organized 1-31-1778 to promote education in the Parish. He was still a member after 1788.

Tristram enlisted in the local milita in 1780 and served as a captain until sometime in 1781, then a Major until the close of the war, 1782. He apparently continued to hold this rank until May,1794 at which time the legislature elected him the first Brigadier General of the Cheraw Brigade. Gregg does not say when he quit active duty in the Militia.

Near the end of July 1780 the English troops under the command of Major M'Arthur (71st Regiment, Highlanders) who had been in the Cheraw District since early June were forced to retreat down the Pedee to George-town. Major Thomas quickly called together the militia which was apparently disbanded at the moment and attacked the rear guard. They succeded in capturing the entire rear guard and supply boats. This was the first success in that region and it heartened the local people greatly. This apparentely was all the action the local militia saw against the British. There was, however a great deal of guerrilla warfare between the Tories and Whigs.

He was elected to the State House of Representatives taking his seat 1-18-1782. The next year he was elected to the State

Senate, a position he held until 1788. He was active locally being on the Grand Jury during 1782. He was one of the seven first Justices appointed for Marlborough Co. on Mar. 21-1785. He continued to hold this office until 1791 and probably longer. He was a member of several commissions to improve river transporation in the Cheraw vicinity. Tristram was a member of the U.S. Constitutional Convention held in May 1788. He was absent the day they voted (149 for 73 against) The last notice of public service was in 1798 when he was appointed to a commission to repair court houses and jails.

Gregg describes him as follow, "Tristram Thomas was a name respected and honored by all classes on the Pedee. General Thomas was modest and retiring in disposition, but firm and decided whenever principle was involved in the conduct of life. Sturdy by habit and resolute in character as circumstances might demand, He was happily fitted by nature for the perils and labors of the Revolution. The discouragements to which the actors of that stormy period were often subjected, never unnerved of intimidated his soul. Possessed of a solid understanding, a practical turn of mind, and virtuous principles he faithfully discharged the duties incumbent upon him in every station to which he was called in the administration of the affairs of his own district and the councils of the State. He was the first Brigadier General on the Pedee after the war. He lived to a good old age universally esteemed, and died at his residence in the Marlborough District in 1817".

Although it is stated Solomon was buried at the Back Creek near Fairmount a Quaker Cementery.

This sketch says Solomon was 5 feet 9 inches tall and weighed 200 pounds, was very jolly with an abundance of ability. He lived to be 77 years old.

In 1840-1846 he was post master at a place called Al, at other times he operated a mill at Fairmount, also a Tannery with Daniel Ridgeway. (Daniel was a brother to my grand father Rudolph Ridgeway.

John Thomas of the 8th Gen.
The son of John and Molly.

John Thomas was born 3-28-1769 and died _____1847. He married Lydia Snead in 1792, she was born 5-13-1774 and died _____1859.

The following birth dates and those of Johns first nine children are from records of the Piney Grove monthly meeting N.C. John and Lydia were probably married in 1792. It is beleived that Lydia was not a Quaker when she married John as on 8-25-1792 he was disowned by the church for marring out of unity, likewise Elijah a brother of John married a sister of Lydia and he also was disowned.

The last three children were born in Indiana, William and Noah were twins.

The following are recorded monthly meeting records.
8-25-1792 John jr. disowned by church for marring out of unity.
11-26-1796 John jr condemned for his outgoings
1-28-1797 John jr gets certificate to Deep River monthly meeting.
2-6-1797 John jr received on certificate from New Garden dated 1-28-1797.
5-25-1811 Fairfield monthly meeting Highland County Ohio certificate was received for John and Jesse and Hendley from Piney Grove monthly meeting South Carolina dated 2-16-1811 endorsed to White Water monthly meeting Indiana.

John and Lydia came from South Carolina to Highland County Ohio in the year 1811 where due to Indian uprisings in the Indian Territory they remained one or two years, during which time they worshiped at the Fairfield meeting house. It must have been more than a brief stay, as John presented his certificate from Piney Grove monthly meeting South Carolina to White Water monthly meeting Indiana on 5-25-1811.

During one of the raids in a nearby County, John thinking he might be tempted to shoot an Indian, he dismantled his gun until the danger was past.

The above action of John is worthy of serious thought, it proves a steadfastness of faith that carried the early pioneers in their daily life. John realizing, although his faith was strong, the flesh at times becomes weak, so having full faith that his creator would protect him if he was worthy, he removed any chance that he might use any weapon for his physical protection. Is not this the reason why the early Quakers prospered and builded a way of life that stillshines and leads the way for we the living.

John Thomas of the 8th Gen.
continued.

The Indian uprising having subsided they moved on to Wayne County Indiana and settled ½ mile east of Fountain City. Here a few years earlier a small group of Quakers had settled. It was this group who were very active in the under ground railroad during the Civil war.

In the year 1830 he sold his farm near Fountain City and moved to Grant County Indiana, near the village of Marion, buying the Silas Overman farm which was south east of the village, it was located on what is now known as East 30th Street and Lincolcn Blvd.
It is presumed he lived here until his death and is probably buried in the IOOF Cemetary which was the old Quaker burial ground around their church which was built at this location in 1830.
It was this early group of Quakers that laid the foundation for this church in this community which had so great an influence on its early life.

John did not follow any of the crafts as did several of his brothers but was a true son of the soil, carving from the forest a home, where he raised a large family of sons and daughters.

Lydia and Susannah (38) Snead were the daughters of Hendley Snead and Mary (Molly) Burford. Their grand parents were Israel Snead and Johanna Hendley, their great grand parents were Major Samuel Snead and Temperance Burford.

Betty Thomas of the 8th Generation

died died

Moses and Betty were married 1-13-1790 in North Carolina, New Garden monthly meeting and was the only child of John and Molly who did not migrate to Indiana.

Some records say Moses married Mary, but our family records say Mary died a young girl and that Moses married Betty, This is also confirmed by Quaker monthly meeting records.

The following information was taken from a History of Wayne County Indiana by Young published in 1872.

Children of Betty (Elizabeth) and Moses.

Francis born 11-19-1790 married an Albertson and both died at Franklin Indiana.

Both parents died when the youngest child was an infant. This would have been before any of the Thomas'es migrated to Indiana.

Moses Mendenhall was the son of Moses and Dinah (Hudduck) Mendenhall.

Elijah Thomas of the 8th Generation.
Son of John and Molly.

Elijah Thomas married Susannah Snead.
born 1-19-1777 born 2-8-1779
died 4-7-1866 died 11-25-1847

Elijah and Susannah were probably married in 1797, as from the Deep River monthly meeting, dated 11-5-1798, Elijah condemed his marring out of unity. Also his first child was born in 1798.

Elijah and Susannah,s children follow.

Susannah born She first married Amasa Mills later she married Caleb Pricket, they lived in Howard County Indiana. She had 3 children.

In a history of Grant County, it says Samuel entered land section 20 on November 30-1831.

According to family history Elijah was a millright, Elijah moved to Grant County Indiana in its early years, after which he with some of his family moved to Cass County Michigan and died there.

In a letter written by Lydia Baldwin a Neice of Elijah, she tells of her son Addison spending many hours fishing with Uncle Elijah. Addison was born in 1841 and at that time lived just north of Fairmount Indiana, so Elijah at that time lived at Fairmount and would have been 70 years old.

Former information led me to beleive that he moved to Cass Co. Michigan and died there, of course it would have been possible for that to be true, after the above date . as his wife died in 1847 when Elijah was 70 years old. He may have went to live with children in Michigan and died there.

This letter was written By Jesse Thomas, (the son of Henry, son of Simeon, son of Elijah, son of John and Molly.) to Susannah Thomas (the daughter of Elijah, the son of John and Molly.
Originally this information was in a letter from Francis A. Thomas to Jesse Thomas dated 12-27-1894.

Susannah T. Picket,
West Middletown, Ind.
My Dear Aunt:-

Mother forwarded thy letter to me asking for information received by me from Francis A. Thomas. I will copy it so far the Matters dealt with relate to family history. It is as follows: Dunreith Ind. 12-27-1894. Jesse Thomas Dear Friend.

Tristram Thomas emigrated from Wales and settled in Maryland about 1700 and died there, leaving a large family, a portion of which moved to Pennsylvania and Virginia. His oldest son Stephen went to Carolina and settled on the Pee Dee near Cheraw, which is not far from where that river crosses the line between the North and South States. Stephen had several children, among the number we have the following.

Robert, Stephen, Sarah, Molly or Mary, William, John (my grandfather), Susannah, Elizabeth, Lewis, Tristram, Philemon, Benjamin, James, and Rebecca, born between the years 1730-1758. Robert went with the Babtists and was an eminent Minister in that church. He married Mary Sands. Lewis married a Miss Burden, and I am informed that many of their descendants are still living in that neighborhood. Tristram Thomas married a Hollingsworth, and he was a General in the war of the Revolution.

And here our history makes a little divergence and saysthat William Thomas a brother of Stephen who first came to (from?) Maryland, came also and married the daughter of a Colonel Hicks, near Cheraw, but on the South Carolina side of the line. (See page 18, My comment H.Thomas) The family appears to have become extinct, and his fortune which consisted of vast tracts of land, up and down the Pee Dee river, together with many slaves, all passed into the hands of strangers by the name of Rogers, as I learn from Judge Cameron.

The lan d lay on both sides of the river for several miles, ammounting to some 15000 acres or more,and that he is still spoken of as rich Billy Thomas, and his wealth pa ssed into the hands of a numerous family by the name of Rogers who occupy the grounds, and it is doubtfull whether they have a clear title to it. Purchased under the old colonial law, it would not alenate, but Judge Cameron says it is doubtful as to getting much if anything out of it.

Here again we take up the thread of our family where we left off, and I find Sarah married a Landman, Molly or Mary married a Primrose, John our grandfather married Molly Clark, and Rebecca married a Boston or Poston I cannot make out which.

John and Molly Thomas my grandparents and their descendants are
1. Isaac Thomas married Rachel Knight.

2. John Thomas married Lydia Snead. 3. Berthy Thomas married Moses Mendenhall. 4. Mary died at 2years of age. 5. Rebecca died 2 years of age. 6. Elijah Thomas married Susanna Snead. 7. Stephen Thomas married Hannah Mendenhall. 8.Francis Thomas married Lydia Woodard. 9. Benjamin Thomas married Anna Morman. 10. Christina Thomas married Thomas Knight. 11. Susanna Thomas died young. 12. Sarah Thomas married Charles Baldwin.

Francis and Lydia Thomas were my parents, and I will be 72 years old next January the 15th, which is just at hand. I am a minister of Society of Friends, and have been for 52 years. Having occupied the head seat in the Indiana Yearly Meeting longer than any man has before me now for 25 years, which is certainly a creditable standing at least. and more than I feel worthy of. I send thee one of our late yearly meeting minutes.

Tradition has it that Billy Thomas made the first Almanac for the Carolinas, also mounted the first telescope in that territory.

My father was the first to lead our family to the North. He crossed the Ohio at Cincinnati in the winter of 1811, and kept on North until he came to the place where he remained , near Newport(now Fountain City) until he died at the age of 87 years, a man benevolent and of renowned piety

The rest of the family of John and Molly Thomas followed him to this country in a few years. Grandfather died at the age of 80, Grandmother at 92, Uncle Isaac at 92, Uncle Elijah 92, Uncle John 92, Uncle Stephen 83, Uncle Benjamin 65, The sisters all died earlier in years. My father came North to live and bring up his family free from slavery.

There is a book if not out of print, in the Newburry District giving a History of Cheraw, And the settlement of the Thomas family written by the Rev. Alexandria Gregg, that Judge Cameron says may be relied upon.

The foregoing is all that relates to family History. If thee has a History printed, I will be very glad indeed to receive a copy and of course will most willingly bear my proportion of the cost of printing.

If thee attains to the ripe age of some of the above members of our family thee will have ample time to do the work. Write me when ever thee feels like it. A letter addressed.

Jesse Thomas Tacoma Washington.

will reach me all right. There is a John Thomas or two and a James Thomas in Tacoma, but no other Jesse Thomas here.There was one and he used to open some of my letters, but he returned to Pennsylvania some years ago.

Thy Nephew Jesse Thomas.

Comments on the above letter by Herschel Thomas.
Ibeleive there is a few errors on the ages given above, at leaast I can not verify by other family records a part of the ages as given.

Also the letter notes that Francis came to Indiana in 1811 the first of the family. He may have come first in January without his family. We have a monthly meeting record dated 2-16-1811 where John and Benjamin came, and 8-10-1811 where Lydia, Francis's wife came.

I insert this sheet not for its value of Thomas Genealogy but that Susannah Thomas the daughter of Simeon and Olive of the preceding page (page40) married into the Lamb family which intermarried into the Edgerton and Ridgway families of which I am related through my mothers family, (Ridgway and Overman). Also it is families I knew as a boy at Amboy where I was born. This comment by Herschel E Thomas.

Francis Thomas of the 8th. generation.
Continued.

From the immediate family of the original Tristram, at Baltimore some went to Pennsylvania, some to Virginia, and from our branch from PeeDee they went to Georgia, Tennessee, Kentucky, and my father, Francis Thomas was the first we have any knowledge of that crossed the Ohio River north in 1811. His father and all the family, mother, sons and daughters that were living followed in a few years, and all settled first in Wayne County near where Fountain City now is, but Uncle John, Uncle Elijah, Uncle Thomas Knight, and Uncle Charles Baldwin moved to Grant County in the early settling of that county. Afterward Uncle Elijah Thomas went with some of his family to Cass County Mich. and died there.

The Thomas family have a good pedigree for honesty, frugality and generosity. The older ones were mechanically inclined. Uncle Isaac w was a wheelright and chairmaker, Elijah was a millright, Stephen was a silversmith, tinner and blacksmith, Father was a carpenter and in the south was a cotton gin builder, and all were farmers.

From the rank of the Welch Thomas people there has been and still are many who are distinguished for their ability in the ministry, in politics, in education, in engineering and etc. Francis Thomas with two other men were the projectors of the great National Road from the East to the Mississippi valley, the Eden of America. John J Thomas was one of the editors of the
"Scientific American." His father was one of the surveyors of the Erie Canal. They have furnished govenors of States, members of Legislatures, and etc.

The first Quaker church in Fairmount Township was errected on on Rachel and Exum Newby's farm in 1831-1832, which became known as Back Creek. Nathan Morris was the first Pastor.
Exum Newby's first wife Caroline, daughter of Joseph and Peninah Winslow died 9-24-1831 age 21 years 9 months 21 days and was the first person buried at Back Creek Cemetary.

Christiana and Thomas built a large Brick house on their farm in 1852, the house is located at what is now known as 40th and Washington Street Marion Indiana, east side of the street. My great grand father a nephew of Thomas built a brick house the same year, also another Uncle Charles Baldwin built at the same time. My father told me the three contracted the brick at the same time, and from the same man who moulded and fired the brick near by. This man was Isaac R. Smith the husband of Mary Thomas, who was the daughter of Jesse and Hannah my great grandfather.
These three buildings are still standing and being used as homes, some remodeling has been done. 1962.

Sarah Thomas of the 8th generation.
Daughter of John and Molly.

Sarah Thomas	married	Charles Baldwin.
born 2-19-1790		born 9-1-1782
died 1834		died

From the New Garden monthly meeting Guilford County North Carolina dated11-29-1806 it states Charles Baldwin was granted a certificate to Piney Grove monthly meeting to marry.

Also from the same monthly meeting dated 12-25-1806 it says Charles, son of Daniel and Mary (Benbo) Baldwin, Guliford County North Carolina married Sarah Thomas. Also in the same minutes it states Sarah daughter of John and Molly Thomas Marlborough District S.C. married Charles Baldwin.

Again from the same monthly meeting dated 11-26-1808 it says Charles Baldwin and family granted a certificate to Piney Grove monthly meeting.

On 9-18-1813 it states Charles Baldwin and family granted a certificate to White Water monthly meeting Indiana. This meeting is located in Wayne County Indiana north east of Richmond.

They came to Fountain City about 1812 and later in 1830 they moved to Grant County Indiana to where Fairmount is now located.

From another recording from New Garden MM. N.C. dated 12-25-1808 it states, Charles and wife Sarah and daughter Susanna received on Certificate from New Garden MM. N.C. From this we know some of Charles and Sarahs children were born before coming to Indiana.

In a History of Wayne County Ind. by Young published in 1872 Sarah and Charles children follow.

1st child died in infancy.			
Sussana	married	Jesse Dillon	died Grant County
Thomas	married	Celia Hillcuts	died Grant County
Mary	married	Lancaster Bell	died In Iowa
Lindsey	married	Mary Osborne	died Grant County
John	married		died Iowa or Kansas

Ahira	married	Newby	died In Kansas
Abigail	married	Joseph Peacock	died Grant County
Quincy	married	Gay later Elizabeth Pike.	
Sarah	married	Stanfield	died Iowa
Charles	married	Knight	died Iowa.

The town of Fairmount was platted by David Stanfield. Sussana taught the first school in Fairmount township which was sponsored by the Quakers of Back Creek monthly meeting.

This History states the first death in Fairmount township was the first child or daughter of Charles and Sarah. She died of Scarlet fever. (my comment, As Sussana was mentioned in S.C. monthly meeting records and being the second child surely the elder child died before coming to Indiana.

Polly Thomas of the 9th generation.

Jesse was born in the old North State or what is now known as North Carolina. Some times these locations are a little hazy for this particular group of families, as in a very few years they had lived in North and South Carolina, migrated to Ohio and Indiana, but from the Piney Grove monthly meeting in Marlborough County North Carolina we have the birth of Jesse recorded.

At the age of 16 Jesse with his father and other brothers and sisters made the long trip from North Carolina to Indiana. This was a long and tiresome journey of three months for these early pioneers. The roads were mere trails thru the forest, fording the creeks and small streams, the tedious work of getting their wagons thru and over the mountainsthey encountered.

No doubt this left a lasting impression on a youth such as Jesse. It is told they hunted in the forest for game , which was plentiful at this time for food.

Continued on next page.

We do not know if it was Jesse's father's intention of coming to Indiana or Ohio, at least they remained in Ohio 2 years before coming to Indiana, and settled in or near Fountain City Ind. where in a very few years 3-18-1815 New Garden monthly meeting held their first services. Jesse was a memberof this monthly meeting until he came to Marion. Elijah Thomas was appointed clerk for the day in the Orginization of this monthly meeting.

Jesse Thomas married Hannah Cox in 1818, she was the daughter of Jerimah Cox and Margery Piggot who migrated from N.C. at the time so many other Quakers settled in Indiana.

Jesse in his early years learned the carpenter trade which he followed until 1828 when he came to Grant County Ind. H e first came on horse back, entered a piece of land Section 6 on August 3 1828, the following year on 3-30-1829 he arrived in Grant County with his family.

On this trip Jesse brought a team of horses hitched to the front wheels of a wagon on which he had placed a large box in which were stored all of his and Familys possessions, he also brought 2 cows which to start the foundation of a new life. He errected a cabin on the west side of what is now known as Washinghton St. half way from the Washinghton st. bridge to Charles Mill. Almost on the spot where the Davis Clinic is located. In the early days this section of Marion was known as Ficus Ville as those who settled this section were Quakers.

In just a few yearshe disposed of this farm and bought a farm on what is now 28th. St. where he spent the remainder of his life. In 1852 he built a brick house on this location just east of Adams St. on 28th St. The house is still standing and occoiped in 1961

Before passing from Jesse one can not fail to note the full life he led in helping the shaping of this community. The first Quaker m meeting house was built in 1830, located at what is now known as the IOOF cemetary, where many of these early Quakers are buried. So one can see that the first thoughts of these early settlers was to their faith.

When Jesse came to Grant County there were but one road or trail, but within a few years these hardy men had established a peaceful community on the banks of the Mississipewa River.

One day while Jesse and a neighbor were walking thru the woods they came upon a Rattle snake which Jesse killed, it was known as a Yellow back and was 5 feet 6 inches long the largest that had been killed in this County. They skinned the snake and placed it on display.

On another occasion in the life of this family was when Hannah went into the woods one evening in search of one of their cows and she not being very well acquainted with the lay of the land which was heavly timbered became lost and could not retrace her steps to their cabin. As night approached she came upon one of their neighbors horses which had a bell strapped about its neck, All night long she held to this strap and at intervals rang the bell. About 8 oclock the next morning members of a searching party which had been formed hearing the bell found her.

Thus again was shown the hardships and the pioneer spirit that carried these early settlers throughout their lives.

Jesse at one time owned more than a 1000 acres of land in Grant County part of which was divided among his children before his Death.

Jesse subscribed the proceedes from the sale of a Yoke of Oxen to establish a Court house in Marion when Grant County was first formed.

She was the daughter of Robert Morrison and Hannah Two of Catherines brothers came to Indiana about the same time as Jeremiah and Catherine, they were James and Robert Morrison.

You will note that Catherine the daughter of Jeremiah and Catherine was born in Ohio, This explains the reason why Jeremiah laid over one month in Ohio on his way to Indiana.

Children of Jeremiah and Catherine.

11. Benjamin born 1804 married Sarah A Nicholson at Chester M.M. in Wayne County Ind. Benjamin and Sarah were received at the Jericho M.M. on 10-18-1826, and on 3-5-1831 they received a transfer to Sugar River M.M. located in Montgomery County Ind. When all of the Indiana Quaker records are available more data on Jeremiahsfirst 8 children may be found.

Jerimah himself wrote of his coming to Indiana as follows. "We stayed in Ohio one month, and started for the Whitewater, and came to Eaton Ohio, which had been laid out the previous third month. Several cabins were built, and the street so full of logs and brush it was with difficulity that we could pass along. From thence we followed a trail that John Hardin and Owen Darby had moved along a few weeks previous to our coming, to where they settled on Elkhorn Creek, near the western boundry of the state of Ohio. From thence we had our road to cut through brush, nettles and logs to where Richmond now is. Richmond was first called Cox's Settlement.

From the Henry Hoovers description in the Coffin Papers.
His first subject was Jerimah Cox,"The Ajax or Solomon of the first settlement". In stature he wrote he was rising six feet of a sound constitution and in dress as plain as original Quakersim dare to be. The legs of his pantaloons were so wide that he could tuck the tail of them in the waist bands, and then easly be ready to wade deep creeks of which he was not afraid. In judgement where right and wrong had to be determined, I would have prefered him to a Greek or Hebrew schoolar. He came to the Territory worth 3500 dollars, which was considered in those days of honesty to be quite rich.
He emigratedfrom Randolph County North Carolina an halted a few weeks in Warren County Ohio, and in August 1806 moved to White Water and purchased the half section north of the National Road, on a part of which Richmond now stands. He soon erected a log house, and the whipsaw furnished the flooring. When it was suggested to lathe and plaster over head, he observed that he would not be deprived of the privilege of hanging up his hat on a nail or peg in the joist for any consideration
He soon built a shop and put up his blacksmith tools, and tho no master workman he could never the less work iron in any form he wanted it. He was also a Tinker and brought with him tools and tin plates at which business he wrought on rainy days. But the greatest benefits consisted in his mill building, which he entered upon Immediately after his other work was completed. His grist and saw mill were of the primitive kind, but were almost invaluable in their day. He had a surveyors Compass and chain and made himself acquainted with divisions and subdivisions of vacant lands, and always on hand to leave his work and pass days in showing his friends the best situations at Congress prices, and tho himself a newcomer and provisions and horse feed scarce, yet I suppose he never made a bill for his time or other outlays.
After Richmond became somewhat settled, and he with his horses had tramped out some wheat, he would leisurely walk each street informing the women that they now might get straw to fill their under beds.
In the year 1816 he was elected a member of the constitutional convention, and afterwards a member of the house of Representatives here he was out of his element, and Corydon where the assembly then me was no place for the mind of Jeremiah Cox. When in 1825 I took my seat as a Representative from Wayne County and became acquainted with Senator Thompson from Clark County, and who was associated in Corydon with J Cox, he inquired of me why we had sent that good old Quaker to the legislature, that he was a fish out of water.

Jeremiah Cox Continued.

Jeremiah Cox carried out his principles as a friend to the letter, diligent in his ~~p~~ attendances of meetings, and in every good word and work. He could not endure the noise and confusion of the town, and did not wish his children to become partakers of the vices and fashions in it.

Since those those days of primitive Quakerism a great change has passed over this County, for I well remember, that several members of the Society, men with families and myself of that number, would leave the plow wet up to the shoulders, with the dew off the growing corn, and walk to meeting barefoot, and forming where we sat quite a puddle of dirty water. The question of the divinity of Jesus and the resurection of the body were not moted, but friendship and cordial good feeling existed all through the society. We had no money changers, no sharing institutions called Banks, and money from neighbor to neighbor was loaned without interest.

"The above taken from Pioneer Sketches of the upper Whitewater Valley". by Bernhard Kollenberg and published by the Indiana Historical Society in 1946.

Some church records list the name Piggott as Pickett.

From a History of Wayne County Ind, Jeremiah Cox was born in Randolph Co. N.C. and moved with his family to Wayne Co. Ind in 1806 and settled where Richmond now is, his farm was located north of what is now Main St. He operated the first mill in this community. In the year 1816 he was a member of the States first Convention forming the first constitution. In the year 1826 he sold his farm and moved to Randolph Co. Ind. to a location 5 miles South East of Winchester Ind. where he built and operated the second flour mill in this community, which became jnown as Jericho. This water power mill stood for 45 years and became quite famouis in its day.

The first frame house in Randolph Co. was built by Jeremiah in 1827-1828, the lumber used was hauled from Richmond from Uncle Elijahs Thomas's saw mill near Newport.

This History says Jeremiah was married three times, first to Margery Piggott, second to Jemima Rhoads, third to Catharine Morrison, by his first wife 7 daughters and one son, second wife 1 son and by his third wife 1 daughter and 6 sons. Making Jeremiah the father of 16 children, 8 daughters and 8 sons.

(Comment by H Thomas, Later information from the Jericho M.M. records shows that the above History is in error, as it shows Jeremiah had 2 sons by his 2rd. wife, and 5 sons and one daughter by his third wife.)

This information was taken from a History of Grant County Ind. Arron Morris was the 2rd son of Thomas Morris and Sarah (Musgrave) Morris. Nancy and Arron came to Fountian City Indiana about 1818, probably soon after they were married in North Carolina. (Comment by Herschel Thomas, I do not beleive they were married in North Carolina, as Nancys father came to Indiana when Nancy was 12 years old, and her first child was born in 1820. Also on 2-18-1815 Arrons father with his family transfered to the Lick Creek M.M. Ind. if they were married in Carolina she would have been 12 years old and he 18, I dont beleive this would have been allowed by the Quakers.)

Returning to Lydia Thomas and John Pearson we find in the Milford monthly meeting records dated 9-24-1825, John Pearson and wife Lydia and Daughter Huldah, were received from New Garden M.M. Ind. In making a deduction from this John and Lydia were probably married about 1823, at the New Garden M.M. where her father belonged.

Robert Cox Thomas of the 10th generation.

Robert Cox Thomas the 10th child of Jesse and Hannah was born in Grant County Indiana 8 years after his father arrived in Grant Co. to pioneer a home for his large family. This he did with remarkable success, the family reared in modesty and in strict adherance to the Quaker faith.

When Robert was born he was given the middle name of Cox which was the maiden name of his mother. Robert was a rather shy and quiet lad which characteristic he maintained through out his life, but his quitness did not deter him from what he beleived right and proper.

After the death of Roberts father we find him living in the old homestead, which he had inherited from his father. Here he continued to live until the year of 1865, when thinking the town of Marion was building South to close to the farm and not wishing his children to be exposed to the vices of so large a town, he sold the homestead and moved 20 miles North West of Marion, just North of the village of Amboy, where his [illegible] three children were born. Robert sold this farm in 1874 and moved 2½ miles South West of Amboy where he purchased 240 acres of land where he lived until his death.

A couple of years after moving to his new farm Robert was installing a new roof on his barn when he suffered a sun stroke. This prevented him from his usual active life as a farmer. Having heard that the climate at Traverse City Mich. where some of his relatives lived, was good for his condition he went in the spring of 1880. This did not prove true in his case, for he gradually became worse and died 8-7-1880, his body was returned to Marion Indiana where he was buried in the Quaker Cemetery.

Sarah being left with 4 boys ages 22-18-14-11 continued to live on the farm until 1882 when as was the custom of the time she married Thomas Harris and they moved to Kansas. Her eldest son and my father having married at this time, she left the farm in their charge.

Thomas Harris thinking Sarah should turn the farm over to him, he was very displeased and it was a source of trouble between them. For she wished the farm to be left to her own children. Thus this became so pronounced she left Thomas in Kansas and lived with her children until her death in 1889. If Thomas Harris ever obtained a divorce none in the family ever knew it. Sarah would not. Sarah made her home with the boys until she passed away 6-5-1889 when she was buried beside her husband Robert at Marion Indiana.

My father lived on this farm for 69 years until his death. It was on this farm that I was born in 1893.

It is interesting to note that the boys of Robert and Sarah all married girls who were descendants of Ephram and Rachel (Small) Overman.

Edgar and Orena was married by Enos Draper a Quaker minister, he was the stepfather of the Bride. The marriage was performed at the brides home. After the marriage Edgar and Orena moved to a house on his fathers farm located south of the old homestead buildings. In this house their first four children were born, In the fall of 1898 it caught fire and burned to the ground, as none of the family were at home nothing was saved from the burning building. The family had only the clothes they were wearing. (at this time I was only a boy 5 years old and the fear of fire has remained with me all my life.) After the fire my father built a new house in which Ancil was born their last child. My father continued to live in this house until his death. Thus my father had lived on this farm for 69 years.

Edgar and his brother Byron farmed their mothers farm until her death, after which the estate was divided between the children. Edgar taking 80 acres on which the buildings were located to which he moved at his marriage. Although my father farmed this land as long as his health permitted he was not a farmer at heart, but rather mechanically inclined as several of his ancestors were. Edgar was an accomplished Carpenter, he was never happier than when he was building a heavy timber barn and many of the barns in his community he assisted in building, and is standing today almost as a memorial as a job well done. As a boy I can remember helping him at such tasks as within my ability.

Edgar Jesse Thomas of the 11th generation.

Edgars education was as good or better than the average boy of his day.His common school education was obtained in the one room school building which consisted of Reading, Writing, Arithmatic and of course spelling was stressed. After completing his common school work he attended the Quaker Academy at Amboy for two years. This Academy was financied by the Quaker Church at Amboy. Although the courses offered to the students were not as many as given in the schools today, the pupils were well grounded in the subjects that was necessary for the time in which they lived.

Edgar was for many years the shop carpenter at the Lumber Yard at Amboy. Which indicates his ability as a craftaman in wood. This he tried to teach his sons with good success.

Orena Ridgway was the daughter of Rudolph Ridgway d. 1874 and Rachel (Overman) Ridgway. Her grandparents were John and Ruth (Nevitt) Ridgway, and Eli and Piety (Fulgum) Overman. Eli: b. 1812 d. 1873 Piety b 1814 d. 1875
Orena was a true help mate to her husband always ready to share the burdens and sorrows of life as well as the pleasures and joys as they walked together for 51 years. Mother was quite athletic in her ability to play the sports of the day, as a boy I remember her playing ball and other games with we children. She could throw, bat or catch the ball as well as we boys. As to the necessary work of a housewife she was an excellent cook, well accomplished in the art of knitting, weaving, and making the clothing for her family. The first pair of gloves I had she knitted. How many mothers could do that today.
Mother was short of stature, weighting only a little over 110 pounds. With long dark hair that reached well below her waist. Mother in her later years was bothered with Bronchitis which caused her much discomfort, This gradually grew worse and turned into tuberculosis and caused her death.

Father and Mother are buried at the Quaker Cemetary at Amboy Ind. In this same cemetary mothers parents and grandparents are buried except her grandfather John Ridgway, who is buried South of Elwood. Ind.

He lived here a few years and then built a house on his father in laws farm, where he helped with the farming. This house was located on what is now known as 38th Street just east of the C&O railroad.

Later George and Mary retired from the farm and moved to 22rd and Adams Street. In a few years Elizabeths health failed and she and Theodore moved into town and lived with George and Mary until Elizabeths death. Theodore continued to live here until his marriage to Mae Howell.
